Event Report

Let's do it! India presents

WORLD CLEANUP DAY 2018
15 Sept

powered by AIESEC

BY AIESEC IN DELHI IIT, INDIA
World Cleanup Day is a global social action program aimed at combating the global solid waste problem, including the problem of marine debris. The first World Cleanup Day was September 15, 2018, beginning at 10 a.m., and spanning the world's time zones until concluding near the international date line in Hawaii.

About Let's Do It! India

Let’s Do It! World is a civic-led mass movement that began in Estonia in 2008 when 50,000 people united together to clean up the entire country in just five hours. Since then, Let’s Do It! has spread this model—one country in one day—around the world. To date, nearly 120 countries and 20 million people have joined us to clean up illegal waste. They aim to unite the global community, raise awareness and implement true change to achieve our final goal—a clean and healthy planet.
As we strive to build a world where people can work towards their own understanding of ‘peace’ while acknowledging and respecting the views of others, World Cleanup Day brought people with the like-minded ideology of Sustainable Development together.

While AIESEC strives for a world where through “fulfillment of humankind’s potential”, where people can be the best version of themselves, the volunteers were engaged with AIESECers to understand the relevance of SDG#6 Clean Water and Sanitation.

17 September · 🗓️

World Cleanup Day 2018 has come to a successful end. 1,10,000 people in 75 cities came out and showed their care for the environment, for the future of the planet. The world is a cleaner place. Our next challenge: Keep it Clean!
Thankful beyond words, to the whole team of AIESEC India (Meet Muchhala, VP) and Let’s Do it, India! Team (Pradeep Singh National Leader).

Pankaj Choudhary
Founder of Let’s Do it, India!
Thank You!
